Make check payable to Allen SWCD and mail to: 1601 East 4th Street, Suite B, Lima, OH 45804

DEADLINE for ordering fish: May 8, 2020

PICKUP: Thursday, May 14, 2019 from 10:30 AM - 11:30 AM at the District Office

Fingerling Fish Sale

Allen SWCD is conducting its annual sale of fingerling sized fish for stocking ponds. In addition to your interest in fishing, stocking a pond is a good management practice for ensuring a healthy food chain between the plants, fish, and other life in the pond. We are offering eight species of fish this year. Details on each are provided on the back side of this form.

Fish Delivery

Those purchasing fish will need to bring their own containers filled with fresh pond water. A five-gallon bucket will transport 100 fingerling fish, while a 20-gallon garbage can is needed to handle up to 10 white amur. Each container needs to be lined with a clean garbage bag which will be tied shut and injected with oxygen for those traveling longer distances. This will ensure that the fish will be in good condition when released into the pond. Those purchasing fish should plan on transporting them directly to the pond without delay after pick-up. **Deadline for ordering fish is May 8, 2020.**
